SUMMARY

Software engineer building applied AI products with **.NET**, **Angular**, **Python**, and **Azure**. Experience in **LLM orchestration**, **Model Context Protocol (MCP)**, **hybrid tool retrieval**, secure connectors, and production deployments.

EXPERIENCE

Unlock Future Fintech Pvt Ltd

Pune, India

Software Engineer (Full-Stack)

Jun 2025 - Present

- Built **company copilot** features using **Azure OpenAI**, **Vertex AI**, and **Anthropic Claude** behind a **unified streaming API**.
- Implemented embeddings and **hybrid tool retrieval**; investigated tool failures and reviewed model outputs.
- Built Google Workspace/Microsoft 365 **MCP connectors** with **OAuth/PKCE**, **per-user token isolation**, and prompt injection hardening.
- Built an AI assistant with **Python code execution** in **Docker**, chat summarization, deferred connectors, and multi-LLM support.
- Integrated **MSSQL MCP** tooling with **Cursor** and **Claude Code** for schema context and internal developer workflows.
- Owned **JWT**, refresh-token rotation, **SSO**, and **RBAC**; optimized **Angular** document-editor performance with **virtual scrolling**.
- Handled deployments for two years across 3 products using **Linux**, **SSH**, **Docker**, **Azure App Services/VMs**, **GitHub Actions** runners, and **Cloudflare**.

Associate Software Developer

Jun 2024 - Jun 2025

- Delivered **.NET** APIs and **Angular** features from design to deployment, with **Azure SQL** and Blob Storage integration.
- Worked with **VAPT** firms on remediation and contributed to GDPR/ISO technical audits.
- Optimized **Angular** bundles, change detection, and Core Web Vitals; implemented **SSO** and refresh-token rotation.

Software Developer Intern

Nov 2023 - May 2024

- Contributed to ASP.NET APIs and **Angular** features; learned CI/CD, code review, and release practices.

SKILLS

Applied AI Azure OpenAI Vertex AI Anthropic Claude MCP Tool Calling Hybrid Tool Retrieval Context Management

Engineering .NET C# ASP.NET Angular TypeScript Python Node.js MSSQL

Cloud & Delivery Azure GCP Linux Docker Cloudflare SSH GitHub Actions CI/CD

Security OAuth / PKCE JWT / SSO / RBAC Token Isolation Prompt Hardening VAPT

SELECTED PROJECTS

AI Assistant Platform

2024

AI assistant with **Docker/Python** execution, chat summarization, connectors, and multi-LLM support.

MSSQL MCP Server [\[Overview\]](#)

2024

Internal MCP server exposing MSSQL schema context to **Cursor** and **Claude Code**.

yogeshcrafts.in [\[Overview\]](#)

2025

Personal Next.js portfolio on **Cloudflare Workers** with a shared web/PDF resume pipeline.

EDUCATION

M.Sc. in Computer Science

Oct 2022 – May 2024

Sir Parashurambhau College, Pune

B.Sc. in Computer Science

Jul 2019 – Sep 2022

Savitribai Phule Pune University | First Class with A+

AWARDS & PROFESSIONAL DEVELOPMENT

Rank 1 – Intercollegiate Electronics Competition (2019)

Azure Administrator (AZ-104): Coursework completed; certification exam pending.
